Find the Surface Area of a Triangular Pyramid

SCORE / 25

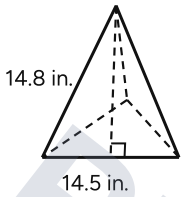

01 Part A · Practice

A triangular pyramid has 4 triangle faces: SA = base triangle + 3 side triangles (½ × base × slant height each).

1 ●○○ Use the net to find the surface area.

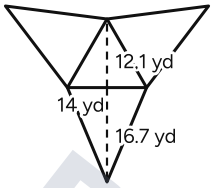

2 ●○○ The base triangle has height 12.6 in. Find the surface area.

3 ●○○ All 4 faces of a triangular pyramid are the same triangle, with base 12 m and height 10.4 m. Find the surface area.

4 ●○○ Use the net to find the surface area.
